Docket No. 98N-1265 APR 30 1999
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

Please think of individuals! Some of us are dependent upon the availability of compounded medications. Often there is nothing at all available from commercial drug manufacturers within our state of residence. I have been in that position and would have suffered greatly if I did not have access to a distant compounding pharmacy in another state. Please do not restrict access!
